Each of the funds (hereinafter referred to individually as a "Fund" and collectively as the "Funds") discussed in this report is a sub-fund of PIMCO Funds: Global Investors Series plc (the "Company"), an umbrella type openended investment company with variable capital and with segregated liability between Funds incorporated with limited liability in Ireland under the Companies Act 2014 with registration number 276928 and authorised by the Central Bank of Ireland (the "Central Bank") pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (S.I. No 352 of 2011), as amended (the "UCITS Regulations"). The Company is an umbrella type company consisting of different Funds each comprising one or more classes of shares ("Classes"). More than one class of shares ("Class") may, at the discretion of the Board of Directors (the "Board" or "Directors"), be issued in relation to a Fund. A separate portfolio of assets is maintained for each Fund and is invested in accordance with the investment objectives and policies applicable to such Fund. Additional Funds may be created from time to time by the Board with the prior written approval of the Central Bank. The Company was incorporated on 10 December 1997.

PIMCO Global Advisors (Ireland) Limited (the "Manager") is the manager to the Company.

As provided for in the Prospectus of the Company, Pacific Investment Management Company LLC, PIMCO Europe Ltd and PIMCO Europe GmbH (each an "Investment Advisor") have been appointed as investment advisor to various Funds of the Company. PIMCO Asia Limited and PIMCO Asia Pte Ltd. (each an investment advisor) are cleared by the Central Bank to act as an investment advisor to Irish funds.

In accordance with the Prospectus of the Company, each Investment Advisor may delegate the discretionary investment management of the Funds to one or more sub-investment advisors, subject to all applicable legal and regulatory requirements. Where an Investment Advisor is appointed to a specific Fund, the Investment Advisor has appointed each of the other Investment Advisors, PIMCO Asia Limited and PIMCO Asia Pte Ltd., as sub-investment advisor in respect of the particular Fund or Funds. The fees of each sub-investment advisor so appointed shall be paid by the Manager, or by the Investment Advisors on behalf of the Manager, from the Management fee.

The registered office of the Company is 78 Sir John Rogerson's Quay, Dublin 2, D02 HD32, Ireland.

# 2. SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies and estimation techniques adopted by the Company and applied in the preparation of these financial statements are consistent with those applied in the Company's annual audited financial statements for the financial year ended 31 December 2022 (the "Annual Audited Financial Statements"). The financial statements are prepared on a going concern basis for all Funds.

### **Basis of Preparation**

The financial statements presented are unaudited condensed financial statements for the six month period ended 30 June 2023. They are prepared in accordance with Financial Reporting Standard ("FRS") 104: "Interim Financial Reporting" as issued by the Financial Reporting Council ("FRC") and the UCITS Regulations.

The unaudited condensed financial statements should be read in conjunction with the Annual Audited Financial Statements, on which the auditors' opinion was unqualified, and which were prepared in accordance with accounting standards generally accepted in Ireland (FRS 102), Irish statute, comprising the Companies Act 2014, and the UCITS Regulations. The accounting standards generally accepted in Ireland in preparing financial statements are those issued by the FRC.

The information required to be included in the Statement of Total Recognised Gains and Losses and a Reconciliation of Movements in Shareholders Funds, is, in the opinion of the Directors, contained in the Statement of Operations and the Statement of Changes in Net Assets.

The Company has availed of the exemption available to open-ended investment funds that hold a substantial proportion of highly liquid and fair valued investments under Section 7 of FRS 102 and is not presenting a cash flow statement.

The financial statements are prepared under the historical cost convention as modified by the revaluation of financial assets and liabilities held at fair value through profit or loss.

The Company has adopted U.S. Dollar as the presentation currency. The financial statements of each Fund are prepared in the functional currency of the Fund. The Company's Statement of Assets and Liabilities are translated using exchange rates at the financial period end and the Company's Statement of Operations and Statement of Changes in Net Assets are translated at an average rate (as an approximate of actual rates) over the financial period for inclusion in the Company's financial statements.

All amounts have been rounded to the nearest thousand, unless otherwise indicated. A zero balance may reflect actual amounts rounding to less than one thousand. The Schedule of Investments of certain Funds may hold transferable securities displaying both a nil par value and nil fair value when the actual par value and fair value amounts are rounded to the nearest thousand.

The swing pricing methodology applied by the Company during the financial period is consistent with that applied in the Annual Audited Financial Statements.

As at 30 June 2023, swing pricing was applied to the Emerging Markets Bond ESG Fund. As at 31 December 2022, swing pricing was applied to the Income Fund II.

The NAV per share is disclosed in Note 16 and may include a swing pricing adjustment. Swing price adjustments are recognised in the Statement of Assets and Liabilities, the Statement of Operations and the Statement of Changes in Net Assets.

# 3. INVESTMENTS AT FAIR VALUE AND FAIR VALUE HIERARCHY

The Company is required to disclose the fair value hierarchy in which fair value measurements are categorised for assets and liabilities. The disclosures are based on a three-level fair value hierarchy for the inputs used in valuation techniques to measure fair value.

Fair value is defined as the amount for which an asset could be exchanged, a liability settled, or an equity instrument granted could be exchanged, between knowledgeable, willing parties in an arm's length transaction. Disclosure of a fair value hierarchy is required separately for each major category of assets and liabilities that segregates fair value measurements into levels (Levels 1, 2, and 3). The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. Levels 1, 2, and 3 of the fair value hierarchy are defined as follows:

- Level 1 Quoted prices in active markets or exchanges for identical assets and liabilities.
- Level 2 Significant other observable inputs, which may include, but
  are not limited to, quoted prices for similar assets or liabilities in markets
  that are active, quoted prices for identical or similar assets or liabilities in
  markets that are not active, inputs other than quoted prices that are
  observable for the assets or liabilities (such as interest rates, yield curves,
  volatilities, prepayment speeds, loss severities, credit risks and default
  rates) or other market corroborated inputs.
- Level 3 Significant unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available, which may include assumptions made by the Board or persons acting at their direction that are used in determining the fair value of investments.

Expected recovery valuation estimates that the fair value of an existing asset can be recovered, net of any liability. Significant changes in the unobservable inputs would result in direct and proportional changes in the fair value of the security. These securities are categorised as Level 3 of the fair value hierarchy.

Refer to the Schedule of Investments for analysis of each Fund's financial assets and liabilities measured at fair value as at 30 June 2023 and 31 December 2022. The methodology applied by the Funds to classify financial assets and liabilities measured at fair value using a fair value hierarchy is consistent with that applied in the Annual Audited Financial Statements.

### 4. EFFICIENT PORTFOLIO MANAGEMENT

To the extent permitted by the investment objectives and policies of the Funds and subject to the limits set down by the Central Bank from time to time and to the provisions of the Prospectus, utilisation of financial derivative instruments and investment techniques shall be employed for efficient portfolio management purposes by all the Funds. The Funds may use these financial derivative instruments and investment techniques to hedge against changes in interest rates, non-functional currency exchange rates or securities prices or as part of their overall investment strategy.

The total interest income/(expense) arising from Repurchase Agreements during the financial period ended 30 June 2023 was \$277,072,633/(\$139,559) (30 June 2022: \$15,018,247/(\$1,166,271)).

The total interest income/(expense) arising from Reverse Repurchase Agreements during the financial period ended 30 June 2023 was \$204,499/(\$66,620,552) (30 June 2022: \$8,488,913/(\$9,218,518)).

The total interest income/(expense) arising from Sale-Buyback Financing transactions during the financial period ended 30 June 2023 was \$1,074/(\$2,626,118) (30 June 2022: \$223,876/(\$954,715)).

#### 5. DIVIDEND DISTRIBUTION POLICY

As set out in the relevant Fund Supplement, dividend distributions may be declared out of:

- (i) Net investment income which consists of interest and dividends.
- (ii) Realised profits on the disposal of investments less realised and unrealised losses (including fees and expenses). In the event that the realised profits on the disposal of investments less realised and unrealised losses are negative the Funds may still pay dividends out of net investment income and/or capital.
- (iii) Other funds (including capital) as may be lawfully distributed from the relevant Fund or Share Class of the relevant Fund.

Management fees and other fees, or a portion thereof, may be charged to capital and as a result capital may be eroded and income may be achieved by foregoing the potential for future capital growth. This cycle may continue until all capital is depleted. The rationale for charging to capital is to maximise the amount distributable to shareholders.

In the case of the Income II Classes, the Directors may, at their discretion, pay fees out of capital as well as take into account the yield differential between the relevant hedged Share Class and the base Share Class (which constitutes a distribution from capital). The yield differential can be positive or negative and is calculated taking into account the contribution of the Share Class hedging arising from the hedged Classes.

In the case of the M Retail Classes, the PIMCO Asia High Yield Bond Fund, Asia Strategic Interest Bond Fund, Euro Income Bond Fund, Euro Short-Term Fund, Income Fund, Low Duration Income Fund, Mortgage Opportunities Fund and US Short-Term Fund, except for the G Institutional, G Retail, E Class Income Q, E Class Income II Q and Investor Income A Classes (where applicable) of the aforementioned Funds, dividend distributions will be declared monthly and, depending on the shareholder's election, paid in cash or reinvested in additional shares monthly.

In the case of the Administrative Classes of Diversified Income Fund, BE Retail, BM Retail, BN Retail, M Retail and N Retail Share classes, dividend distributions will be declared monthly and depending upon the shareholder's election, paid in cash or reinvested in additional shares on a monthly basis.

In the case of the G Institutional, G Retail and Investor Income A Classes, dividend distributions will be declared annually and depending upon the shareholder's election, paid in cash or reinvested in additional shares on an annual basis.

In the case of all other Funds with Income Class Shares, dividends distributions will be declared quarterly and, depending upon the shareholder's election, paid in cash or reinvested in additional shares after declaration.

Dividend distributions to holders of redeemable shares are classified as finance costs on the Statement of Operations. The income or gains allocated to Accumulation Shares will neither be declared or distributed but the NAV per share of Accumulation Shares will be increased to take account of such income or gains. Dividend distributions not reinvested in shares will be paid to the shareholder by way of bank transfer. Any dividend distribution unclaimed after a period of six years from the date of declaration of such dividend distribution shall be forfeited and shall revert to the account of the relevant Fund. Shareholders can elect to reinvest dividend distributions in additional shares or have the dividend distributions paid in cash by ticking the appropriate box on the Application Form.

A portion of dividend distributions per the Statement of Operations was paid out of capital for the below Funds (amounts in thousands);

- (1) This figure takes account a fee waiver by the Manager at a rate of 0.05% in respect of the Investor Class from 31 May 2021 to 31 May 2023. The fee waiver expired on the 1 June 2023.
- For all Classes the figure takes account of a fee waiver by the Manager at the rate of 0.15% p.a (The fee waiver was 0.30% p.a prior to 1 June 2023). The fee waiver will expire from 1 June 2024 and may extend until such time as the Manager, on prior written notice to shareholders in the Fund, decides to discontinue or disapply this fee or to reduce it for any future period.
- The H Institutional Class rate takes into account a fee waiver by the Manager at the rate of 0.25% p.a. The fee waiver will extend until 30 June 2024 and will expire from 01 July 2024.
- The Institutional Class and the E Class rates take into account a fee waiver by the Manager at a rate of 0.11% p.a. from 31 May 2021. The fee waiver will expire from 19 January 2024.
- The Institutional and H Institutional Class rates take into account a fee waiver by the Manager of 0.14% p.a. The E Class rate takes account of a fee waiver by the Manager at the rate of 0.54% p.a. The fee waiver will expire from 18 January 2024.
- For all Classes the figure takes account of a fee waiver by the Manager at the rate of 0.05% p.a. The fee waivers will extend until such time as the Manager, on prior written notice to shareholders in the Fund, decides to discontinue or disapply this fee or to reduce it for any future period.
- The E Class, G Retail and M Retail rates takes into account a fee waiver by the Manager at the rate of 0.30% p.a. The fee waivers will extend until such time as the Manager, on prior written notice to shareholders in the Fund, decides to discontinue or disapply this fee or to reduce it for any future period.

The Management Fees for all Funds (except Inflation Multi-Asset Fund, PIMCO MLP & Energy Infrastructure Fund and Strategic Income Fund) were unchanged during the financial periods ended 30 June 2023 and 30 June 2022, with the exception of fee waiver amendments noted above.

The Management Fee attributable to the H Institutional, BE Retail, BM Retail, BN Retail, E Class, G Retail, M Retail, N Retail and T Class share classes is generally higher than the Management Fee attributable to the other share classes. From this higher fee the Manager may pay for the expense of distribution, intermediary and other services rendered to shareholders in these share classes of the Funds directly or indirectly by

distributors or broker dealers, banks, financial intermediaries, or other intermediaries. Given the fixed nature of the Management Fee, the Manager, and not shareholders, takes the risk of any price increases in the cost of the services covered by the Management Fee and takes the risk of expense levels relating to such services increasing above the Management Fee as a result of a decrease in net assets. Conversely, the Manager, and not shareholders, would benefit from any price decrease in the cost of services covered by the Management Fee, including decreased expense levels, as a percentage of net assets, resulting from an increase in net assets.

Due to the nature of the Z Class offering there is no Management Fee disclosed on the Statement of Operations (the Z Class is offered primarily for other Funds of the Company or for direct investment by institutional investors who have entered into an investment management or other agreement with the Investment Advisors or a PIMCO affiliate) and in an effort to avoid the duplication of fees, the Management Fee for the Z Class will be set at 0.00% per annum.

#### (c) Investment Advisory Services

On behalf of the Company, the Manager provides and/or procures investment advisory services. Such services include the investment and reinvestment of the assets of each Fund. The fees of the Investment Advisors (together with VAT, if any thereon) are paid by the Manager from the Management Fee.

# (d) Administration, Depositary Services and Other Services

On behalf of the Company, the Manager provides and/or procures administration, depositary and other services. Such services include administration, transfer agency, fund accounting, depositary and sub-depositary in respect of each Fund. The fees and expenses of the Administrator and Depositary (together with VAT, if any thereon) are paid by the Manager from the Management Fee, or by the Investment Advisors.

On behalf of the Company, the Manager provides and/or procures certain other services. These may include listing broker services, paying agent and other local representative services, accounting, audit, legal and other professional advisor services, company secretarial services, printing, publishing and translation services, and the provision and co-ordination of certain supervisorial, administrative and shareholder services necessary for operation of the Funds. Fees and any ordinary expenses in relation to these services (together with VAT, if any thereon) are paid by the Manager, or by the Investment Advisors on behalf of the Manager, from the Management Fee.

The Funds will bear other expenses related to their operation that are not covered by the Management Fee which may vary and affect the total level of expenses within the Funds including, but not limited to, taxes and governmental fees, brokerage fees, commissions and other transaction expenses (including, but not limited to, fees and expenses related to due diligence on investments and potential investments and/or related to negotiations of such transactions), costs of borrowing money including interest expenses, establishment costs, extraordinary expenses (such as litigation and indemnification expenses) and fees and expenses of the Company's Independent Directors and their counsel.

The Company paid the Independent Directors fees of €90,000 during the financial period ended 30 June 2023 (30 June 2022: €90,000). In addition, each Independent Director is reimbursed for any reasonable out-of-pocket expenses. Non-Independent Directors are not entitled to separate remuneration for their directorship of the Company. Directors' fees are a component of "Other expenses" on the Statement of Operations.

**Service Fee** The Service Fee which applies to the Investor Classes only is paid to the Manager and may be used to reimburse broker-dealers, financial intermediaries, or other intermediaries that provide services in connection with the distribution and marketing of shares and/or the provision of certain shareholder services or the administration of plans or programmes that use Fund shares as their funding medium, and to reimburse other related expenses (as defined in the relevant Fund's Supplement). The services are provided directly by the Manager or indirectly through broker-dealers, financial intermediaries, or other intermediaries to all shareholders of the Investor Classes. The same services apply to all shareholders of the Investor Classes for the fees levied. These services may include responding to

shareholder inquiries about the Funds and their performance; assisting shareholders with purchases, redemptions and exchanges of shares; maintaining individualised account information and providing account statements for shareholders; and maintaining other records relevant to a shareholder's investment in the Funds.

Plans or programmes that use Fund shares as their funding medium may include unit-linked insurance products and pension, retirement or savings plans maintained by employers. All shareholders in the Investor Classes will receive services pursuant to agreements entered into with financial intermediaries with whom those shareholders have a servicing relationship. The Service Fee is calculated on the basis of 0.35% per annum of the NAV of each Fund attributable to the Investor Classes. The Service Fees were unchanged during the financial periods ended 30 June 2023 and 30 June 2022. The Service Fee is paid out of the NAV attributable to the Investor Classes of the NAV of those Funds. The Service Fee for each Fund is accrued on each Dealing Day and is payable monthly in arrears. The Manager may retain for its own benefit in whole or in part any Service Fee not payable to broker dealers, financial intermediaries or other intermediaries.

**Trail Fee** The Trail Fee which applies to Administrative Classes is paid to the Distributor for personal services rendered to shareholders of the Funds and the maintenance of shareholder accounts, including compensation to, and expenses (including telephone and overhead expenses) of, financial consultants or other employees of participating or introducing brokers, certain banks and other financial intermediaries who assist in the processing of purchase or redemption requests or the processing of dividend payments, who provide information periodically to shareholders showing their positions in a Fund's shares, who forward communications from the Company to shareholders, who render ongoing advice concerning the suitability of particular investment opportunities offered by the Funds in light of the shareholders' needs, who respond to inquiries from shareholders relating to such services, or who train personnel in the provision of such services.

The services are provided directly by the Distributor or indirectly through broker-dealer, banks, financial intermediaries, or other intermediaries to all shareholders of Administrative Classes. The Trail Fee is calculated on the basis of 0.50% per annum of the NAV of each Fund, with the exception of the StocksPLUS™ Fund where calculated on the basis of 0.75% per annum, attributable to the Administrative Classes. The Trail Fee for each Fund is accrued on each Dealing Day and is payable monthly in arrears. The Distributor may retain for its own benefit in whole or in part any Trail Fee not payable to broker-dealers, banks, financial intermediaries or other intermediaries.

The Trail Fees were unchanged during the financial periods ended 30 June 2023 and 30 June 2022.

#### (e) Distribution Fee

The Distribution Fee which applies to T Class Shares, BN Retail Shares, BM Retail Shares and BE Retail Shares is paid to the Distributor for services rendered to shareholders of the Funds.

The services are provided directly by the Distributor or indirectly through broker-dealers, banks, financial intermediaries, or other intermediaries to all shareholders of T Class shares. The Distribution Fee is calculated on the basis of 0.40% per annum of the NAV of each Fund attributable to the T Class share, with the exception to the PIMCO Asia High Yield Bond Fund, PIMCO Credit Opportunities Bond Fund, Dynamic Bond Fund, Euro Bond Fund, Global Bond Fund, Global Bond ESG Fund, Global Bond Ex-US Fund, Global Low Duration Real Return Fund, Global Real Return Fund, Low Duration Opportunities Fund, PIMCO MLP & Energy Infrastructure Fund and Total Return Bond Fund which attract a Distribution Fee of 0.30% per annum of the NAV of the Fund attributable to the T Class share.

In respect of the BE Retail, BM Retail and BN Retail share classes only, where disclosed in the relevant Supplement, the Distribution Fee may be up to 1% of the NAV and therefore the Unified Fee may exceed 2.50% of the NAV.

The Distributor Fee for each Fund is accrued on each Dealing Day and is payable monthly in arrears. The Distributor may retain for its own benefit in whole or in part any Distribution Fee not payable to broker-dealers, banks, financial intermediaries or other intermediaries.

# (f) Expense Limitation (including Management Fee Waiver and Recoupment)

The Manager has agreed with the Company, pursuant to the Management Agreement between the Company and the Manager dated as of 28 January 1998, as amended, to manage total annual fund operating expenses for any Class of Fund, by waiving, reducing or reimbursing all or any portion of its Management Fee, to the extent that (and for such period of time that) such operating expenses would exceed, due to the payment of establishment costs and pro rata Directors' Fees, the sum of such Class of such Fund's Management Fee (prior to the application of any applicable Management Fee waiver), any Service or Trail Fees, as applicable, and other expenses borne by such Fund's share Class not covered by the Management Fee as described above (other than establishment costs and pro rata Directors' fees), plus 0.0049% per annum (calculated on a daily basis based on the NAV of the Fund).

In any month in which the Management Agreement is in effect, the Manager may recoup from a Fund any portion of the Management Fee waived, reduced or reimbursed pursuant to the Management Agreement (the "Reimbursement Amount") during the previous 36 months, provided that such amount paid to the Manager will not 1) exceed 0.0049% per annum of the Class of the applicable Fund's average net assets (calculated on a daily basis); 2) exceed the total Reimbursement Amount; 3) include any amounts previously reimbursed to the Manager; or 4) cause any Class of a Fund to maintain a net negative yield.

The Management Fee as disclosed in the Statement of Operations is recognised gross of the relevant management fee waiver where applicable. Management fee waivers are recognised within Reimbursement by Investment Advisors in the Statement of Operations. The Management Fee is paid to the Manager net of the waiver.

Certain Funds invest in the Z Class of the PIMCO China Bond Fund, a sub-fund of PIMCO Specialty Funds Ireland p.l.c. and PIMCO US Dollar Short-Term Floating NAV Fund, a sub-fund of PIMCO Select Funds plc, which are considered as Affiliated Funds. Due to the nature of the Z Class offering and in an effort to avoid the duplication of fees, the Management Fee for the Z Class of both funds is set at 0.00% per annum.

# Notes to Financial Statements (Cont.)

Certain Funds invest into the sub-funds of PIMCO ETFs plc: PIMCO Euro Short-Term High Yield Corporate Bond Index UCITS ETF, PIMCO Euro Short Maturity UCITS ETF and PIMCO US Dollar Short Maturity UCITS ETF, and these are considered as Affiliated Funds. Since these Funds do not offer a zero fee share class, Management Fees are paid by both the Fund investing and the underlying Affiliated Fund. Therefore, an Investment Advisory Fee Waiver is offset prior to payment by the investing Fund to the Manager, which is accounted for on the Statement of Operations within Reimbursement by Investment Advisors.

During the financial periods ended 30 June 2023 and 30 June 2022, the Funds below engaged in purchases and sales of securities among Affiliated Funds, purchases and sales relating to cross-investments and purchases and sales of investments into Affiliated Funds (amounts in thousands):

### 19. CREDIT FACILITY

PIMCO Funds: Global Investors Series plc acting on behalf of each of the Global High Yield Bond Fund and the US High Yield Bond Fund (the "Funds" and each a "Fund") entered into a third amended and restated credit facility dated 19 August 2022 (the "Credit Agreement") between, amongst others, the Funds, certain lenders including MUFG Bank Ltd. ("MUFG") (as lenders) and MUFG in its capacity as agent and lead arranger.

Each Fund is permitted to utilise the facility for temporary purposes to fund shareholder redemptions and other short-term liquidity purposes as provided for in its investment policies.

The aggregate commitment available for utilisation by the Funds is, subject to the terms of the Credit Agreement, \$285,000,000. The total amount available to the Funds, together with the other borrowers (together, the "Borrowers") is, subject to the terms of the Credit Agreement, \$300,500,000 (the Aggregate Commitment Amount"). The Borrowers may, subject to the terms of the Credit Agreement, request an increase of up to \$299,500,000 to the Aggregate Commitment Amount. This increased commitment would be available for utilisation by the Borrowers in accordance with the terms of the Credit Agreement.

There are two rates of interest available under the Credit Agreement. Each Fund, when utilising a loan will elect which interest rate will apply to all or a portion of the relevant loan with the applicable interest rate being determined by reference to (i) the Alternate Base Rate or (ii) the Adjusted Daily Simple SOFR.

The Alternate Base Rate is for any day, the greater of (i) Federal Funds Rate (as defined in the Credit Agreement) or (ii) the Overnight Bank Funding Rate (as defined in the Credit Agreement), as in effect on such date. Each loan bearing interest calculated by reference to the Alternate Base Rate shall bear interest on the outstanding principal amount thereof for the period commencing on the date when such loan is made up to but not including the date such loan is repaid in full, at a rate per annum equal to the Alternative Base Rate plus the Applicable Margin (being 1.125%).

The Adjusted Daily Simple SOFR means an interest rate per annum equal to (a) Daily Simple SOFR (as defined in the Credit Agreement) plus (b) 0.10%. Each loan bearing interest calculated by reference to the Adjusted Daily Simple SOFR shall bear interest on the outstanding principal amount thereof, for the period commencing with the date such loan is made or continued

through and including the date such loan is repaid in full, at a rate per annum equal to Adjusted Daily Simple SOFR plus the Applicable Margin (being 1.125%).

Any loan is, subject to the terms of the Credit Agreement, repayable within 60 days of drawdown.

All loans are provided on an unsecured basis and the recourse of the Lenders to a Fund is limited to the assets of such Fund.

As at 30 June 2023 and 31 December 2022, neither Fund had borrowings under the Credit Agreement.
